Tells Pan-Americans That Ex-
change of Reports Helps.

NO PROPAGANDA IS CARRIED

Admission of South American Pa-
pers Will Do More Than Anything
Else to Promote Relations.

WASHINGTON, June 6.—Frank J. Noyes, president of the Associated Press, today told the exchange of reports between the press of the United States and the press of the South American countries, now being carried out by the Associated Press, will do more to promote relations between the two countries than anything else that could be done.

Mr. Noyes explained how the Associated Press, probably the most influential news agency in the world, was in no sense a government agency, but a private organization, and that its function was to supply news to its members, and that it was not a propaganda agency. He said that the Associated Press was a private organization, and that it was not a propaganda agency. How is Your Liver?

Thedford's Black-Draught

Biliousness

When you are bilious, you may suffer from sick headache, bad taste in mouth, coated tongue, your eyes often have a yellowish tinge and you probably also have constipation, lack of appetite and other disagreeable symptoms—any of which may show that your liver is out of order.

A remedy once greatly used but now losing its popularity, was calomel, but calomel, in whatever form compounded, always remains calomel, a mineral poison, that should be taken with great care and under a physician's advice, because of the danger of bad after-effects.

That is why so many doctors recommend Thedford's Black-Draught, the vegetable liver medicine, containing no dangerous drugs and free from all mineral poisons.

For over 70 years, Thedford's Black-Draught has been in constant use and during that time its sale has shown a steady increase, proving that it is a remedy of real merit that gives satisfaction to its thousands of users.

Try Black-Draught. At druggists, price 25 cents a package.
